

Short Summary

Purpose, investment for:

- Filling warehouses with an assortment of products to make sales easier in the required volume for the existing, well-established sales.
- Creating a warehouse reserve, opening new warehouses in 5 regions of France for trade.

Highlights

- Owner of the TM Authentiqua in the EU (production and sale of bottled sunflower oil).
- Import / Export / Distribution / Successful projects completed during 2022–2026.
- 4 (7) warehouses (wholesale, small wholesale, and e-commerce).
- Stable sales / Contracts / Marketing / Established business operating for 6 years.
- Targeted financing for local sales operations / Transparency in the generation and distribution of investment returns.

The Business

We are a group of specialized manufacturing and trading companies operating in the United Kingdom, France, Estonia, and Ukraine. For the past 6 years, we have been producing sunflower oil at 10 production facilities and supplying it primarily to France, Belgium, the French Overseas Territories, African countries, and other EU member states.

A&P Export Import is the official owner of the AUTHENTIQUA trademark, under which it exports sunflower oil from Ukraine. The product is 100% natural, refined, winterized, deodorized sunflower oil manufactured in accordance with DSTU 4492, a standard that complies with European Union requirements.

The business is registered in:

United Kingdom:

AANDP EXPORT-IMPORT LTD

Company Number: 12772596

VAT Number: GB36172102146330

Company registration details:

The Market

Production is carried out at 10 manufacturing facilities across Western Ukraine.

The group's principal sunflower oil production facility is located in Chernivtsi, approximately 50 km from the Romanian border, providing convenient access to European logistics and export routes.

The company fulfills orders for Private Label production, which is supplied to France, Belgium, French Guiana, Martinique, Réunion, Mayotte, Togo, Senegal, Benin, Congo, Spain (Las Palmas), Greece, Germany, Israel, Syria, and Cuba.

The largest export of sunflower oil is to France.

Progress/Proof

Competitive Advantages:

- An existing permanent distribution system, a network of consignees that is being replenished.
- Physical presence in the sales market and daily local and export-import sales.
- Sales volume range - trade from 1 box to an annual wholesale supply contract.
- A well-established mechanism and innovative solutions in trade.
- Flexible approach and transparency of all delivery processes to buyers/consignees.
- A permanent trade offer on the market with a competitive trade offer "price/quality/fixed price or discount"
- Qualified, necessarily French-speaking personnel of our own export office - well-established communications in trade, logistics, marketing.
- The company is both an exporter and an importer

Objectives/Future

Optimization of product distribution processes and promotion of European sunflower oil TM AUTHENTIQUA.

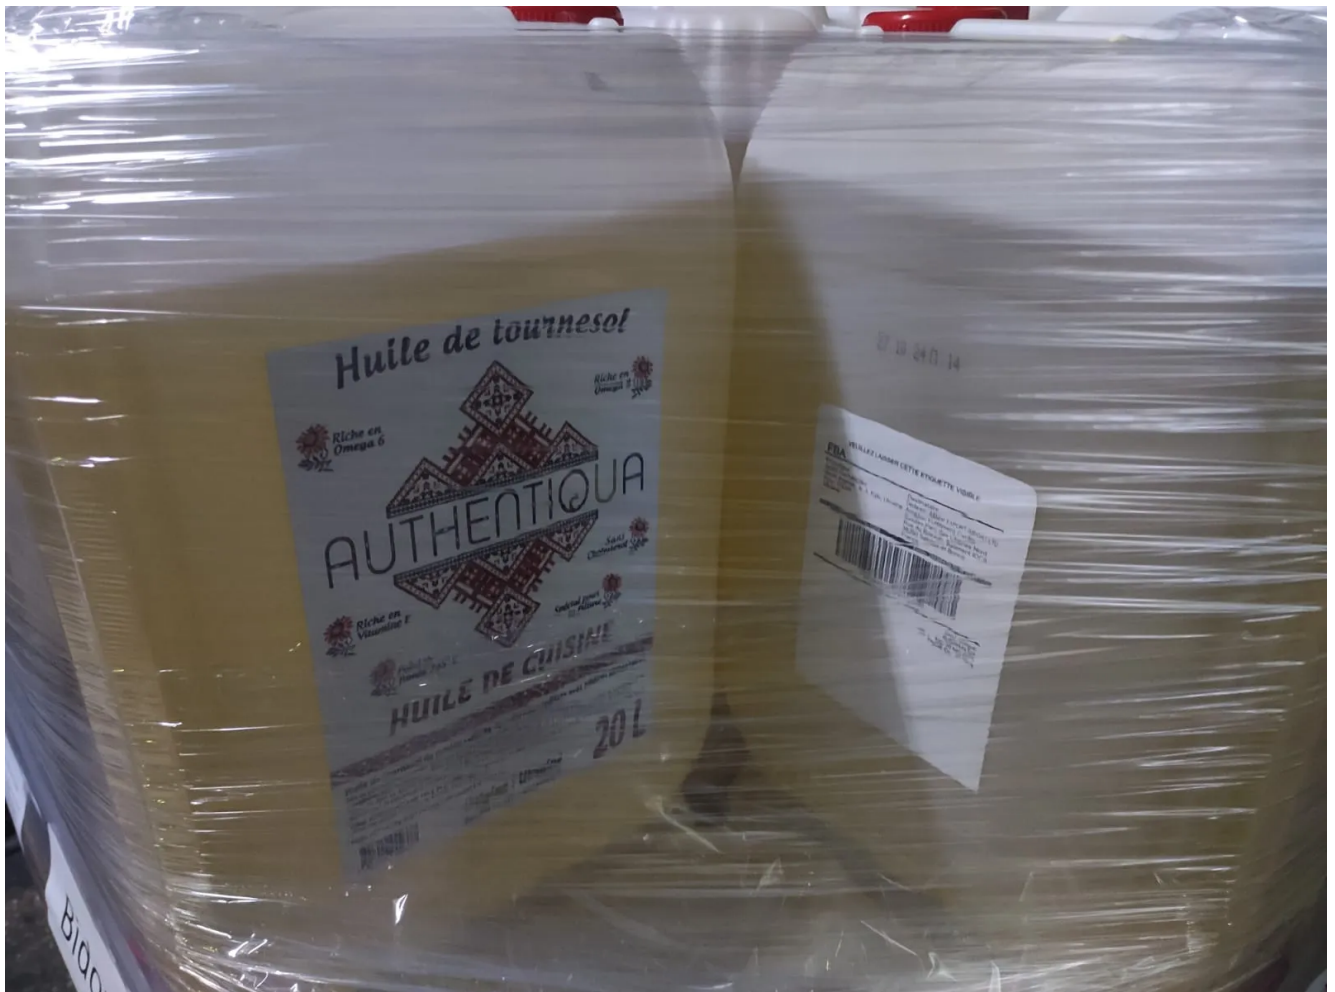

We are looking for a loan, financing, investment in order to develop it further according to a simpler sales scheme in the spring 2026 -autumn 2026 active season of this.

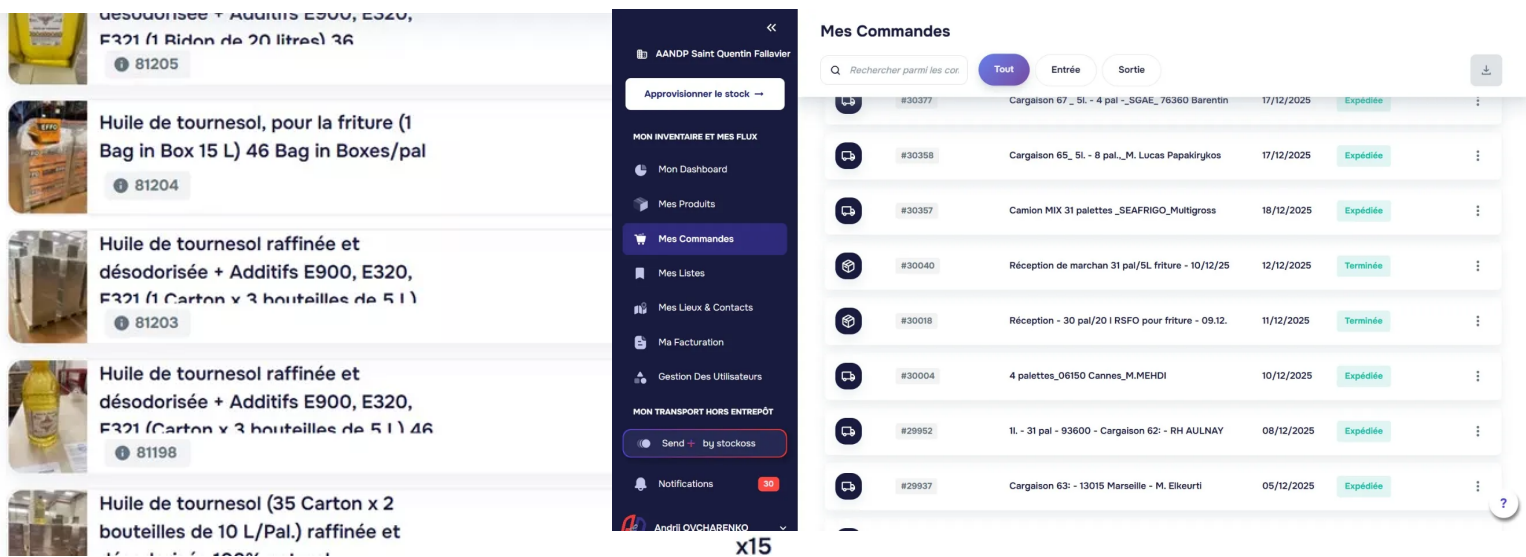

We are talking about investing in a stable business - with a sustainable business model, high-quality, highly consumed, non-perishable product for sale and successfully selected export/import/distribution markets for this.

For this, we need from 600 thousand to 1.2 million euros for production, maintaining our warehouses and the availability of goods hem.

The business model has been successfully operating for the last 3 years.

The growth dynamics are more than 20%

Logistics

Local Logistics in France

A&P Export Import actively cooperates with local transportation companies and parcel delivery services in France to distribute its product range from warehouse facilities across all 13 regions of France.

International Logistics

The company also organizes direct deliveries from Ukraine to customers using both road and sea transport, ensuring flexible efficient supply chain solutions for domestic and international markets.
